

I-Beam Trolley

SIT-500

SIT-250

SIT-70

I-Beam trolley has been designed specially to hang SPRING BALANCER in weld shop, Assembly Line for suspending Transformer, Welding Gun and Pneumatic Tools, in Automobile manufacturing Plants.

This I-Beam Trolleys are rugged in construction made from High Graded steel Plates and Rollers. Good quality pre lubricated roller bearing makes trolley effortless to move on I-beam. Provisioned with Rubber shockers mounted on side plates prevent collision with other trolleys.

Capacity kg	Model No.	Beam Width mm	Weight kg.
500	SIT - 500	50, 75	6.5
250	SIT - 250	75, 125	4.5
70	SIT - 70	50, 75	1.0
